No. 2 – 2019

NINTH SESSION, SIXTH PARLIAMENT

REPUBLIC OF NAMIBIA
ORDER PAPER
OF THE
NATIONAL ASSEMBLY

TUESDAY, 5 MARCH 2019
(14:30 – 17:45)

NOTICES OF MOTIONS

I. Deputy Minister of Industrialization, Trade and SME Development:

That this Assembly –

Discusses and Agrees to the Ratification of the Kigali Amendment to the Montreal Protocol on Substances that Deplete the Ozone Layer.

II. Mr. Venaani:

That this Assembly –

Discusses the plight of foreign-trained medical doctors who have graduated from universities in countries such as China, Russia and Ukraine.

It is often said that education is the Greatest Equalizer, yet thousands of our youth have not found that Equalizer. I am aware that 240 students who finished the course work, studied on Government grants to the value of N\$125 million. While another 500 more students are expected to graduate, which Government has spent an additional of close to N\$300 million.

The Health Professional Council has for some times now been calling these graduates sub-standard and their demands is to be tested consistently and fairly.

That a Parliamentary Inquiry be set up on these important matters that confronts the future of our youth.

TUESDAY, 12 MARCH 2019

NOTICE OF A MOTION

Mr. Venaani:

That this Assembly –

Discusses the precarious situation prevailing at the Public Service Medical Aid Scheme (PSEMAS).

According to the IMF report, our country is losing close to N\$900 million yearly, due to corruption and malpractices taking place at the Medical Aid Fund. If this is indeed true, then this is the greatest looting ever in our society.

Therefore, I call on this Assembly to be given a mandate to refer this Motion to a relevant Parliamentary Standing Committee for investigation and report back.
